

# SCHOOLYARD HABITAT PROGRAM<sup>®</sup>

**Make your school grounds come alive!  
Create a Schoolyard Habitat<sup>®</sup> Garden**

This program offers official certification for schools to recognize good stewardship of the environment through the creation of a schoolyard habitat. In Delaware, this program is offered through a partnership between the National Wildlife Federation and its state affiliate, the Delaware Nature Society.

## **HUGE Gains for your School and the Community!**

- Create an outdoor teaching space for ALL students and staff.
- Interactive opportunities for student involvement.
- Great publicity for your school.
- Help the environment, protect native wildlife, reduce habitat fragmentation, and improve local water quality while saving money.
- Receive FREE technical assistance from the Delaware Nature Society.
- Foster greater connections with your community.
- Take the first step in becoming a nationally recognized Eco-School<sup>®</sup>.

## **Simple Steps to Begin the Process:**

- Speak to your principal or administrator about your interest in this program.
- Call us! We will help you get started.
