Spend the Summer with the Delaware Nature Society Family

Summer camp at Delaware Nature Society (DelNature) is all about getting outdoors, exploring, and discovering. Studies continue to show that spending time outdoors in nature promotes healthier, happier children. Whether your child is a budding naturalist, an outdoor explorer, or a future educator, our camps offer a unique and safe summer experience in natural areas and preserves.

Our camps connect children with nature through hands-on, outdoor experiences with highly qualified instructors. We have a variety of themed options for children, ages 3-15, including hiking, kayaking, cooking, harvesting, archery, farm animal care, nature photography, and fishing.

Camps are open to the public and DelNature members benefit by a reduced price and priority registration. If you are not a member, visit DelNature.org/Join to become a member today!

We look forward to sharing summer experiences with your child.
